

Title:

Making a Website Work For You

Word Count:

449

Summary:

how to make money with a web site

Keywords:

online business, business opportunity, home business, business

Article Body:

Making the decision to start a home business and to make money online is a step in the right direction.

Keep in mind that when people go on the Internet to search for information, they are looking for answers.

Now it is time to grab the attention of your audience once you get them to your web page. Webmasters should focus on providing valuable information.

Two other important ways to promote your website include providing plenty of free advice/ information.
