email scams, adsense fraud, seo scams, seo spam

Article Body:

In this last year, I have found that scams and spams are alive and well, and needless to say,

EMAIL SCAMS

You typical email scams ~ the sender trying to convince the recipient that there is something

And for those in the US, and for many and most who have to pay taxes ~ be aware of an email so

ADSENSE FRAUD

Now, how can you have adsense fraud? Some ingenious souls have found ways to have other click

CHARITY SCAMS

Ah, yes ~ the ones that pull at your heart strings. The most effectively, because you are lea

I don't know if this is a scam, but I must say, it really is a shoddy way to increase your lea

SEARCH ENGINES UNEQUAL PLAYING FIELDS

Yes, even in search engine optimization people have attempted to find ways to push their sites

It is said to be a fairly common practice, where the webmaster will build multiple sites on a

SEO Spamming

SEO spamming is designing a web page in an illegal manner so that its rankings are improved.

As you can see, all is the same, only the color of the beast has changed. And what does that
