The Disadvantages.

PayPal is very vulnerable to fraud, and it's you as the seller who'll be paying the price when

You might also have noticed that PayPal come from the eBay school of customer service, enjoyin

The Advantages.

PayPal is quick and easy for buyers to use, and is certainly a more secure and reassuring way

That's before you even consider that eBay buyers are more eager to buy from someone who accept

But Should You Use It Exclusively?

The most important thing about only accepting PayPal is, again, a matter of customer service:

You might notice that some people are aware of the issues of PayPal and refuse to use it, but

NoChex is quite a lot better than PayPal by most standards, but just doesn't have the same mar

Once you've got the payment, the next thing you need to do is ship the items. In the next email
