Article Body:

Imagine if you could make a dollar every time you handed someone a special sheet of paper. To

Normally, you'd think making money in this fashion would be the greatest thing since sliced bread.

Generate a lot of cash for yourself and people will no doubt take notice. Not only will they come

Enter the infamous paid survey site. Websites that claim you can make big bucks by taking a few

It wasn't long ago when I first saw one of these sites and thought to myself: "Wow, what a great

Little did I know, this was just one of a million other survey sites out there basically offering

That couldn't be further from the truth. Hundreds, if not thousands of these paid survey sites

Why so many clones you ask? It's because paid survey sites are similar to the "sheet of paper"

Let's take an example:

Joe spends a Sunday afternoon surfing the web and stumbles across a paid survey site. He reads

Joe signs up, pays the membership fee, takes a few surveys and makes a few extra bucks. Joe then

Joe then decides to create a survey site of his own. He already has the big list of survey companies

So now, not only does Joe receive money from the surveys he's taking, but also from the upfront

Each person that signs up at Joe's new website represents yet another chance that he or she will

Thus you can see just how quickly these types of sites are copied. They really do multiply fast.

But what does this mean for you?

Well, quite frankly, you're getting ripped off. Not only are these paid survey sites copycats

Yes, you read that right. These survey companies are not top secret classified C.I.A documents

The trouble lies in knowing where to find these companies. That's the relief these paid survey

But I'd wager you'd have a grumbling feeling inside your stomach knowing you're paying for some

Those were my feelings as well, so I decide to do some legwork and create a website listing some

After all, not everyone wants to be known as bacteria.
