Article Body:

Did the title of this article catch your attention?

I hope it did, because this will be one of the most important articles you ever read.

You can read dozens of articles on how to succeed at Internet Marketing.

You can buy dozens of ebooks and buy dozens of courses on how to be a successful Internet Mark

That is all very important information, and it will certainly be crucial to your Internet Mark

It's not the most important thing, though.

The most important factor is: Being ^Sexy.~

Confused?

Let me explain. People are flocking to the Internet at a very rapid rate. The dream of succeed

Because of this, it is very difficult to tell the true experts/gurus from the frauds.

You can be a guru or a fraud, and people may never know which.

They will, however, know your personality, your writing style, and your character.

You must make your visitors and clients remember you by being unique...by being different...by

Being ^Sexy~ online is different than in the offline world. You can be overweight and unattrac

Don't try to be traditional, be different.

Don't try to be boring, be controversial.

The Internet Marketing world is full of cookie cutter people and websites. If one person is su

Enjoy yourself! Don't be afraid to show others your personality, and people will come back to  
A firm knowledge of your business and having the necessary skills is an absolute necessity, bu
