Article Body:
Like tens of thousands of people who often venture online exploring ways to make a little extr

Obviously, I did not know how except for the fact that many are making millions of dollars eve

But I learnt fast, after having paid a lot of money to the so-called Internet gurus. I realise

Building a business online is just like building a brick-and-mortar business offline. So you n

The easiest way to get into business online is through affiliate programs which allow you to s

These products are usually information products such as electronic books (eBook) and software

I learnt that it is best for beginners to start by joining a few affiliate programs, followed

At the same time I was strongly advised against the use of ˆSpam˜. Suddenly I found my list of

I was feeling really inadequate after finding that many Internet entrepreneurs actually had a

To start off, I needed a website, although people do make money without a website. By joining

However I was advised to learn how to modify the website to differentiate it from many others

As I said, I had a miserable mailing list hence I needed to build one for visitors by their su

I send these people my regular newsletter via ˆautoresponder˜ provided by the program and over

A newsletter allows me to share information and resources with my subscribers resulting in a p

There´s a 30-day guide which is really cool. It takes me step by step each day to improve my b

The program allows me to join a discussion forum. It is like walking into a big library, the c

Yes, I also learnt how to place my adverts. Here are some of the things that I´ve looked into:

1) The various locations where I can place an ad such as newsgroups, forums, ezines, and web s

2) How to post information to a mailing list or newsgroup for free but using a signature file

3) How the program helps me to set up autoresponders to take away the chore of responding to v

4) How to write articles and submit them to article directories to get free advertisement for

5) I´ve created a Blog of my own. It is an excellent way to provide visitors and customers wit

In conclusion, if you want to make money on the Internet, it is a real possibility. But please
