Are you using any traffic blasters, I was and here are my results, I was not happy with perform

Keywords:

traffic blasters, safelist blaster, blog blaster, traffic, advertising, blog, safelist, marketing

Article Body:

Why Blasters Disappoint and Don't Work.

SAFELIST BLASTERS DISAPPOINT!!!

INTRODUCTION.

A Safelist Blaster is formed of 1000s of Safelists usually with hundreds of members in each. U

THE PURPOSE.

To the marketer the Safelist Blaster offers the opportunity to reach 100 000s of email boxes s

THE DOWNFALL.

At first the thought of reaching 100 000s of customers is very appealing and exciting but aft

The majority of Safelists on the list are old.

The members who signed up on the blaster like your self are on all safelists (say theres 2000)

The majority of Safelists are full of stale members, when a member leaves the Blaster there na

The majority of participating members are using the blaster aswell (becomes obvious as you rec

To receive all the email you will need a large email box, mine was costing me as much as the b

The only email you will be sending is plain text, HTML is virtually gone or impossible, you wi

As you can see I am not a real fan I now stick to 5-6 point based safelists.

BLOG BLASTERS.

INTRODUCTION.

Well they are what they sound like, write a short piece about your website and submit your pie

THE PURPOSE.

To blast your advertisement to millions of potential customers within minutes.

THE DOWNFALL.

All Blogs require registration, your email and details,

The blog blaster doesn't do that of course.

I imagine the constant spamming of blogs infuriated a lot of admins.

Blog Blasters are old and don't work.

COMMON 1000 000 EMAIL BLASTERS.

INTRODUCTION.

Often claiming to reach 100s of millions of email boxes, sound really good and promising, type

PURPOSE.

To reach millions of clients with a click of the button, bringing millions of hits to your site

THE DOWNFALL.

Well I have no idea who these millions are but I personally found 80 assorted blasters (each of

CONCLUSION.

While some of these examples are disappointing I am sure there are some that work, just be care
