Article Body:

About 6 months ago, I stumbled upon The Surf Craze (Auto Surf and Manual Surf) and I was surprised. I am/was a couple hundred dollars down now and had nothing to show, apart from 100s of ebooks, So I stooped and thought what a crock and then came the "email blasters" I subscribed to 5-6 d

So here I am today a little wiser and subscription free, promoting my new website based on all

Of course traffic is building up and I may have to invest in an upgrade to handle the traffic,

Conclusion:

Safelist Blasters:

End up getting spammed daily or more by Safelist Host.
Most email ends up in trash by auto cleaners.

Assorted "million email blasters"
Go to no-one and waste of cash.
Who are those millions of recipients?

Blog Blaster.

Claimed to reach 2 million blogs, but only reaches 500 max' per blast.
Most/all blogs require registration and confirmation anyway.

Classified Blaster.

Required the same as above.
Most/all Classifieds require registration.
