If this statement is true, then the grill company is willing to stand behind their burners to

You would assume so, wouldn't you?

So why would a company then limit the conditions where this would be true? There are several v

A **hostile environment** is a situation where the burner is subjected to forces not within

Misuse would be using the grill in a way that is not specified by the manufacturer as "

Abuse is generally an extreme thing, but some people will actually abuse their grill wh

These are all valid reasons not to cover a product. Consumers can -- and will -- come up with

That's the primary reason that they will not cover malfunction of the grill when it has been i

Here's the deal: the more limitations placed on the warranty, the less faith the manufacturer

To demonstrate this, the DCS and Star burners are virtually identical; the only difference is

Guess who has the more verbiage in their warranty? Yup. DCS. What's the difference? More exclu

Let's take a look at the warranties for the burners we have tested so far:

<blockquote>

Fire Magic: Warranted for as long as you own your Fire Magic grill; includes burn-t

Lynx: Lynx's warranty states: "The solid brass grill burners are warranted to be fr

Alfresco: "Lifetime warranty to the original purchaser, covers the main grill burne

The special section on "Orifice Cleaning" states: "Use a needle to clear any debris. Be ex

DCS: "Lifetime warranty on all stainless steel components, including stainless stee

</blockquote>

Conclusions:

Cast burners consistently outperform sheet metal burners.

A better warranty is NOT more defined, but less defined.

Look for a warranty that covers burn-through. This would mean that Lynx, Fire Magic and
