Article Body:

While sitting around with friends this weekend I discovered the greatest card game ever. The m

The game is not a gambling game but gambling can be done easily enough, but I would not expect

I suspect the game started out as a memory game for children, then was taken you young adults

The best way to play the game is with at least 4 people but no more then 8. You will also need

Before the game starts each player must choose an animal noise and a hand gesture to represent

In this game the dealer remains standing the entire round. The dealer will go around the table

the players must continuously scan the other players top cards and when someone has the same m

That person is not out of the game the next time the dealer goes around they still get another

For kids this is a great game because they have to remember everyone's noise and gesture, this

For those looking to gamble this game may not earn you as much as playing <a href="http://www.

The drinking game has an extra rule or two. If you make someone's noise and gesture before the
