Article Body:

The Cobra tandem kayak offers unmatched flexibility. It allows you to use it with another person.

Tandem has built various kayak models but none of them can compete with the Cobra Tandem kayak.

The Cobra Tandem is among the lightest kayaks available. It is lighter than any other in the tandem category.

The Cobra is made with a front and a rear seat, with room in the middle for another seat. You can fit two people.

With plenty of underdeck storage room for cargo and accessories, your kayak can give you an extra 100 lbs of storage.

If you have been looking for the best kayak, look no more. The Cobra tandem is absolutely perfect.
