Article Body:

Climbing is a sport that is adventurous and exciting but also involves a certain level of risk

Climbing gear is very unique, right from the kind of shoes and gloves we wear. This equipment

Previously, people just used regular tennis shoes, a normal rope and a regular belt for climbing

Climbing gear has to be carefully carried since it has to stay with you until you reach the top

There are many providers of climbing equipment. Some of the most popular brands are: Black Dia
