Article Body:

Skateboarding is currently enjoying yet another wave of popularity, after the skateboarding boom of the late 1980s and early 1990s.

So what is the appeal of skateboarding? It is primarily popular among teenage boys, but adults are also taking an interest in the sport.

To begin with, skateboarding was largely seen as something undesirable, like graffiti ~ a form of vandalism.

Modern skateboarding today is a rich sport, with a dazzling array of tricks: anyone who has played the sport knows this.
