An Overview of the Past of Italy

When you think of Italy, it's nearly impossible to not think of the past. It is rich and compl

The earliest recorded mention Italy comes from the Paleolithic era, which occurred over 200,00

The Germanic people became the rulers of Italy around 400 AD. They ruled for roughly 135 years

By the 1600's, the Hapsburgs had taken control of the area of Italy and were strong rulers of

Since that time, the republic has continued without interruption with one exception. In the 19
