An Overview of the Samurai

One of the most interesting periods in the past of Japan has to be the feudal period. Out of t

The story of the Samurai begins with the early shogun warriors, who were trained fighters duri

In the story of the Samurai, this can be said to be the era when the samurai really developed.

As Samurai clans evolved beyond just being warriors who were employed by nobility and possibly

Alas, the Samurai clans began to be breached by warriors from other classes. This area of Samu

By the 1500's, Japan began to open up to the outside world. This led to the importation of fir
