Article Body:

I have suffered, a lot, from seborrhea but managed to completely cure it. It was not an easy

Eczema is an inflammation of the skin and can be roughly divided into three main types:

Seborrhea

Mainly affects people with oily skin.

No Contact (Asthma for example)

A reaction, that happens without direct contact to the skin.

Contact

Cause by direct contact to skin by some matter. The majority of the population will not be aff

Simple advices to follow which can cure your eczema (They completely cured me):

1. Do not wear rough fabric cloths.
2. Find shampoos and soaps which suit your skin. Try the trial and error method. And con
3. Avoid allergenic materials.
4. Use hypoallergenic moister creams.
5. Try the elimination selection diet ~ with this diet you take whole food families from
6. Consume pro-biotic foods to reinforce your digestion system.
7. Change your lifestyle to a less stressed one. It is recommended to take courses in th
8. Toxic cleaning. Our leaver is responsible for removing toxic elements away from our b
9. Calendula cream is a very big relief for inflamed parts of the skin.
10. Olive-oil can be used for seborrhea: you gently rub it on your scalp and remove it wit

I did some of the above advices and it really helped me in eliminating my seborrhea condition,
