Greek Civilization ~ What About The Women?

Ancient Greece was very much a patriarchal society. Sports were reserved for men. Literature,

In truth, the position of women in ancient Greece was one best defined by the word separation.

This new household was not their personal kingdom. Instead, the mother of their husband ruled

The one exception to this rule was Sparta. Sparta had an entirely different view of gender. Es

For all its amazing achievements, gender equality in ancient Greece was not one of them.
