Word Count:

619

Summary:

Let's face it, arts and drama are considered extra-curricular activities when we think of what

Keywords:

Article Body:

Let's face it, arts and drama are considered extra-curricular activities when we think of what

This is why it is important to teach arts and drama at school, to save future generations from

How about dance? Dance is a part of physical education and is taught (sad to say) by teachers

The non-inclusion of arts and drama in the education curriculum is a clear indication that art

Most students that are constantly exposed to various types of arts have exhibited above average

In addition, students who are taught arts and drama tend to cultivate a deeper sense of respect

But how to teach arts and drama at school?

Arts and drama are easily appreciated by students and therefore would not pose any problem when

Live discussions often help, especially in conducting drama class. Encouraging students to participate

Teaching art is probably easier since it's more of a hands-on activity. As a teacher, never expect
