

Title:

Why is the Sky Blue? By Wally Jukes

Word Count:

269

Summary:

It is so simple yet so complicated. Many people throughout history have wondered about this si

Keywords:

blue, sky, why is the sky blue, Tyndall Effect, John Tyndall, prism, molecules, Lord Rayleigh,

Article Body:

When the sky is blue and clear it is because molecules in the air reflect blue light from the
This can be a very deep subject. You have to understand prisms and even which kinds of molecu

Of course, it could be that God just made the sky blue to match your eyes...if they're blue th
