Article Body:

^Too little money makes people desperate; too much money makes people greedy~ ~ Aristotle

In order to retire well, without worrying about running out of money, you must figure out how

There is a cool story that illustrates this.

A few years ago, a very rich businessman decides to take a vacation to a small tropical island

So on the first day, he has his breakfast and heads to the beach. It's around 9:30 am. There h

^Don't worry~, says the fisherman, ^There's still plenty of fish out there.~

Dumbfounded, the businessman asks the fisherman why he didn't continue catching more fish. The

^I'll spend the rest of the day playing with my family, talking with my friends and maybe driv

Now the rich businessman figures he needs to teach this peasant fisherman a thing or two. So h

The businessman feels pleased that he's helped teach this simple fellow how to become rich. Th

It's a simple story, but depending on the lifestyle you want ~ you may be closer to retirement

Here is a basic formula you can use to help you calculate how much you really need to retire:

Total current income (your salary) ~ taxes ~ work expenses ~ all debt interest (be debt free b

Figure this out then come check out ways you can start making this figure consistently.
