

Title:

Arguments Steal Mind Power

Word Count:

350

Summary:

Have you ever caught yourself arguing just to argue? It's a great way to hone your debating skills.

Keywords:

arguments, arguing, debating, mind power, listening, mind

Article Body:

Have you ever noticed that arguments are rarely "won?" Even if you think you won an argument,

Arguing Diminishes Mind Power?

There are times when things need to be debated, but most of the time, it really isn't productive.

One thing is certain. A person listening to arguments can learn something from both sides, but

Arguing too much gets you in the habit of looking for arguments more than for truth. You also

Mind Power From Listening

If you say the moon is closer, and I say the sun is, one of us has to be right. If you say numbers

In the second example, our arguments have to do with values and experiences. We've seen different

To break the habit of arguing, purposely ask for people's opinions, and listen without saying a
