speed reading

Article Body:

Watch a group of young children who are just beginning to read and you'll notice one thing about

Although this process is helpful to the children as they are introduced to the concept of reading

If you've ever watched a television show that featured speed readers or if you've ever known someone

When a person reads out loud or they mouth the words as they read, it takes them longer to read

It's difficult though for a person who has always read in this manner to change. Even if they

One thing that a person can do to change this habit and to begin on the road to speed reading

Although adults are more conscious of this behavior, many still do it. They can try those same

With a little work the desire to mouth words as you read them can be stopped. When it is stopped
