Article Body:  
Having a stutter can have a dramatic effect on somebody's confidence.

I have met many people who stutter, I myself had a stutter for eighteen years and I now run st

One of my clients once told me about a situation he was involved in. He and his friends went t

He returned to his friends who asked him where his drink was. He told them what had happened,

His friends were very good and one of them told him that he would go to the bar in ten minutes

This is a typical situation people who have a stutter find themselves in.

Another client was stopped by the police in his car. The police asked him some questions. He w
