

Title:

Far from perfect: the complex game of suburban life

Word Count:

542

Summary:

While giving the appearance of such, suburban communities are far from the ideal places to live

Keywords:

social anxiety, status anxiety

Article Body:

Most people in seemingly idyllic and ideal communities really live lives of...well, quiet despair

Social anxiety may not be the only cause of this unusual game of deception and counter-deception

However, social anxiety can also lead to some actions that can be considered extreme and unsavory

Apart from the backstabbing, the suburban environment has sometimes led residents to develop a

In attempting to attain the image of ^perfection~ for whatever role they are most prominent in

This status anxiety, combined with the social competitiveness, has created two things. First,
