GAYTRUCKER QUESTIONS!

Thru the years of running various Gay Trucker related sites that I own.

I have had numerous questions about how you properly cruise a trucker.

Or how you properly pick a trucker up. For years, The Rest areas and Truck Stops have been cru

Many states are clamping down on this. The main reason is cause most men are ( CRUISING WRONG!

We all have to keep in mind that a Truck Stop or a Rest Area is a place of public.

What this means is, While you do your cruising there is , kids with there family at the Truck

and a certain measure of expertese and practice needs to take place to ( PROPERLY CRUISE ) the

And most importantly, So you dont get ( ARRESTED! ). And second most importantly, so you do no

travelers passing thru that are not involved on what your trying to do.

Keep in mind that everyone will have there own theory and method as to how to cruise a Gay Tru

But one thing is a given, that there is also a ( WRONG ) way wich could lead to problems!.

You need to first figure out how to establish contact! Flashing your dam genitals on the highw

In fact , that method could get you arrested! Eye contact is one of the most important things.

This method of cruising will work in almost any establishment, or anywhere you so choose to us

Get a CB!, For decades this has been a popular method to ( ESTABLISH ) contact with a GayTruck

Some men use the DOUBLE CLICKING OF THE MIC method on the cb then may say ( 21 ) or another ch

The other is hoping someone will follow them to that channel then a private conversation takes

Some use the method of Tapping the Brake lights in a rest area, or the dome light. This method

Or possibly the cops. So use this method at your own risk. Most importantly, Do not get overbo

DO NOT!: Expose your self to a trucker or anyone for that matter. Unless your in the privacy o

This is a very RISKY way to cruise and as stated above. Could get you ( ARRESTED! ).

Keep in mind that there is just as many men or ( truckers ) out there that will bust you as th

Due to this scenario you need to ( PROPERLY ) cruise and not bother others that are not cruisi

There is also many other methods of cruising, Some less risky and others more risky.

Most importantly, If you go out there and cruise. Always have your guards up, Do not make stup

If you do it properly, The worse thing that can happen is a cop may ask you to leave but cant

Remember the first paragraph!, EYE CONTACT is only human in nature!, and most certainly not il

The other matters noted in this article are of coarse ways to cruise but I do not support thes
