Opening Doors For Those With Disabilities

Article Body:

There could be good news for the more than 54 million men, women and children with disabilities

With many baby boomers now entering their 60s and having a rise in health- and mobility-related

In 1990, the Americans with Disabilities Act, or ADA, was passed to protect individuals with disabilities

To help businesses become ADA compliant, Ingersoll Rand's Security Technologies Sector created

"Many small- and medium- sized-business owners are often unaware that their facility is not in

"More times than not, a business owner only becomes aware of noncompliance following an accident

"Another problem that exists is that many business owners do not know who to turn to for help

Currently, there are two major tax incentives programs available to businesses to help cover the

Ratell's company also offers business owners a wide range of consulting services and turnkey solutions

Knowledge of the opening usage, fire and life safety codes, and ADA accessibility requirements

For business owners or individuals who have questions regarding ADA accessibility, Ratell recommends
