

Title:

Permeability - One Of The Benefits Of Natural Lime Based Plasters

Word Count:

351

Summary:

As Humans we have three skins. First, our fleshly skin which is breathable. It transpires. Tak

Our second covering is our clothing. Again our clothing which offers us protection and comfort

Keywords:

Venetian Plaster, Marmorino, Faux Finishes, Italian Plasters

Article Body:

As Humans we have three skins. First, our fleshly skin which is breathable. It transpires. Tak

Our second covering is our clothing. Again our clothing which offers us protection and comfort

Facts

Lime's vapor permeability is what has contributed to the longevity of historic buildings down

More Facts

Another reason that permeability is important because trapped water vapor can lead to condensa

Conclusions

Venetian plaster finishes will provide both, a healthy environment and a beautiful background

Whether or not you consider applying marble based or marmorino finishes to your walls always k
