Article Body:

Bird flu? Have you heard of it? You have probably been hearing more about it in the news lately.

We will not have immunity to this form of the flu and it can be deadly. It may be similar to the 1968 Hong Kong flu.

Your business or company may have anywhere from 30-60% of the employees out sick, or out to take care of family members.

A bird flu pandemic could last for weeks or months at a time. You may be out of work for several months.

You need to ask your employer how they will be handling a pandemic crisis. What will their policies be?

You will want to make copies of your employment agreements, health and life insurance policies.
