Keywords:

Self defense, real estate agents, pepper spray, OC pepper spray, non lethal self defense weapons

Article Body:

When it comes to non lethal self defense weapons pepper spray is right up there at the top of

How It Works

Pepper spray uses Oleoresin Capsicum (OC) which comes from cayenne pepper. Defensive pepper spray

A one second spray in the face with a 10 % solution of a pepper spray will get you 20-30 minutes

You will survive a potential attack and no permanent damage will be done to the attacker. A weapon

Most pepper sprays have an effective range of 6-12 feet. A new gel pepper spray works up to 18

I have seen pepper sprays that can be disguised as pens, pagers, lipstick, and even hand held

Who Uses Pepper Sprays

If you think crime can only happen to the other guy you are wrong. The "other guy" is thinking

A violent crime occurs every 19 seconds and an assault every 29 seconds. For would be victims

Women are particularly vulnerable, especially those who work late at night, those in sales positions

Please Note that even though pepper spray is legal in all 50 states, some states and cities
