Keywords:

hot day in Walt Disney World, keep cool in Walt Disney World, Visiting Disney World during summer

Article Body:

Orlando is a hot part of the earth and come summer the humidity and temperature can reach tripping

Staying at an on-property Disney hotel is a good start. You can commute to the parks in air-cooled

Another incentive for staying on a Disney property is that you can take advantage of the Extra Magic

Pack a few water-mister fans. These little gizmo's are life-savers. It's fun to buy the Mickey Mouse

If you have a Park-Hopper Pass, cool down by visiting the water parks. Both Blizzard Beach and Typhoon

This is obvious, but crucial to mention nonetheless: dress light and wear sandals. Most theme parks

Remember to drink plenty of water. If someone in your group does get dehydrated, get to the First Aid

This is the best tip, which is why I'm saving it for the last. If you have tots, let them set up
