Article Body:

Florence is a city full of history where it's easy to be charmed by surrounds and you do not n

One of these is little corners in Florence, perhaps surrounded by a legend, is in Borgo Ogniss

The reversed balcony that is located on the first floor, was built by assembling counter wise

The building dates back to the 16th century, and it seems to have been built in such a curious

Looks like, that at the moment of the project proposal, this was rejected by the Duke, cause t
