Article Body:

Tired of busy traffic and the daily rush in Jburg we decided to head out to the Free State into the mountains where you will find cosy coffee shops and restaurants. Every shop is unique - from South African art to antique shops. You can go horse riding, walking and have the most wonderful drive through the Golden Gate National Park to the view and then back to our accommodation. A real Honeymoon Suite at the littleparadise of Clarens where we had the most enjoyable evening since a long time. A hidden gem of Clarens Accommodation Clarens Bed & Breakfast, especially given the fact that they have a gourmet restaurant. A real romance and a great start to the next crazy week in town again !
