Get Ready for Summer Driving

Article Body:

The busy summer driving season is coming. Will your vehicle be ready?

The experts at the nonprofit National Institute for Automotive Service Excellence (ASE) offer

- \* Read the owner's manual and follow the recommended service schedules.
- \* If you are not a do-it-yourselfer, look for an orderly repair facility with modern equipment.
- \* Flush and refill the cooling system according to the service manual's recommendations. The 1
- \* Have engine performance problems -- hard starts, rough idling, stalling -- corrected. You'll
- \* Have a qualified auto technician check the tightness and condition of belts, clamps and hose
- \* Likewise, have a faulty air-conditioner system serviced by a technician qualified to handle
- \* Change the oil and oil filter as specified in the owner's manual. This simple service alone
- \* Check the condition of tires, including the spare. Let the tires "cool down" before checking
- \* Don't neglect your transmission. Costly repairs can be prevented by routine service.
- \* Inspect all lights and bulbs; replace burned-out bulbs.
- \* Replace worn wiper blades and keep plenty of washer solvent on hand to fight summer's dust a

ASE was founded in 1972 to improve the quality of automotive service and repair through the vo
