Buying a car is the second-largest purchase most people make after buying a home. When you buy

1. Make at least one trip to the dealership JUST to look around and drive the cars. Promise yo
2. Know what you can afford before you visit the dealership to buy! This means talk to your pe
3. Whenever the finance manager calculates something, insist that he show you the calculation.

E.G. If you tell the salesman you can afford a payment of \$500 per month, he might find a deal

4. Write down everything you learn about the car, from the internet, magazines, and especially
