How to Get Better Fuel Economy

Article Body:

Poor fuel economy can put a costly damper on any summer vacation taken in the family vehicle.

Let's go through a few ideas that are proven to improve your fuel economy.

Get the junk out of the trunk. I own an auto-repair facility, and you'd be amazed at the amount

Keep air in your tires. Remember what it was like riding your bike as a child with half-flat tires.

Use the right motor oil for your vehicle. I can't overstate the importance of using good motor

Now you know why motor oil is so important to the efficient performance of your engine. If you

But not every motor oil is created equal. Some last longer than others. While certain motor oils

Keep your vehicle clean. Believe it or not, that layer of dirt on your exterior creates drag that

Consider the best option for ventilation. Conventional wisdom says that cars are always more fuel
