Article Body:

The way most first player shooters score kills is simple to understand the harder it is to make

One way to get a good score is to take a long range weapon like a sniper rifle and camp out ne

You get fewer points like this, but it is the same principal as playing roulette in the casino

When using this method try to pick your location using your head and do not just take a gamble

Another way to get a higher score is to work as a team with other players. Most people playing

Many times I would jump into the pilots chair and other players would jump in and I would circ

Formulating a good strategy, playing as a team and using all available tools at your disposal
