Here are some good habits to practice for better gas mileage, from XenTx.com:

- * Drive safely. Aggressive driving wastes gas fast. Hard braking or jackrabbit takeoffs can wa
- * Slow down. The faster you drive, the more gas you waste and the more money you lose at the p
- * Keep it covered. Your gas cap, that is. About 17 percent of cars have missing or damaged gas
- * Replace your air filter. A clogged air filter chokes off the air and causes too much gas to
- * Shed the pounds. Using a loaded roof rack or trunk increases fuel consumption. Remove all un
- * Treat your engine right. Using a synthetic engine treatment, like XenTx Extreme Engine Treat
- * Maintain good tire pressure. Driving with tires that aren't inflated properly can cost you a
- * Replace spark plugs. Spark plugs fire as many as 3 million times every 1,000 miles, resultin
- * Use the right grade of gasoline. Check your vehicle owner's manual to find out whether your
