vehicle accidents, driving, winter, gas, brakes, cell phones, skids, black ice, ice, winter driving, saf

Article Body:

The winter and driving shopping season is right around the corner. We need to remember that in

The most important thing that everyone needs to remember is that you cannot stop as fast on ice. A  
bigger distance between you and the vehicle in front. This way you will have more time to slow

Slow down everywhere and anything that you do. Take turns slower, drive on straight roads slow  
on the pedals, gas or brake, do it easily and steady. When making a turn ease that steering wh

Always be aware of your road conditions. Even when it is not snowing the road will ice up in p  
on ice just coast, don't brake or turn the wheel, until you pass over it.

Drive defensively. Always be on the lookout for other motorists that are making all of the mis

Even after taking all your precautions you will eventually find yourself involved in a sliding  
front of the vehicle to the right, then you need to countersteer your car to the left. If the

Follow these tips and hopefully you won't become the next accident statistic. People with suv'
