

Title:

What Will We Drive When There Will Be No Fossil Fuels Left?

Word Count:

358

Summary:

Skyrocketing fuel prices, depleting oil reserves all point toward a future without the convent

Keywords:

automotive, auto, cars, bikes, internet, website, transport, carpool, business, social, enviro

Article Body:

Filled up your car at the pump lately? Did it pinch? Sure it did, with oil prices rising like

Every alternative fuel has some advantages and some limitations it's the balance of these which

Developed countries must pool their resources and develop fuels for tomorrow rather than wasti
