An increasingly popular exterior modification in the tuner crowd is the body kit. Movies like

When choosing a body kit it is important to keep in mind that they are made out of a variety of

If you are considering purchasing an exterior kit here are a few guidelines:

- * Make sure to shop around and price match multiple retailers.
- * Get a quote for the installation and painting of the kit before purchasing.
- * Most fiberglass kits will start as low as \$350 for fiberglass and can go as high as \$1,5
- * If possible consider purchasing the kit locally as shipping for online body kits will ea
- * Some retailers will allow you to mix and match side skirts and rear and front bumpers.

Auto body shops may charge as much as \$1,000 or more for the installation and painting. If you
