Article Body:

Rejection is never easy. But some authors can't separate themselves from their work, and take

The complaint: "Editors practice age discrimination. I'm over 50 and editors believe only young

The truth: Editors are interested in finding good books, period. It doesn't matter how old the

The complaint: "I'm a man, and editors think only women can write children's books."

The truth: Sorry guys, but this one's a little ridiculous. Again, look at that list of award w

The complaint: "They're just wrong about my writing! All editors want these days are famous na

The truth: Yes, many editors (especially those at larger houses) have to be concerned with mak

Sometimes it's almost impossible to interpret a rejection letter, and one or two form rejectio

In most cases, though, it's the writing that gets the manuscript rejected. And since it's the

The complaint: "Publishers aren't interested in publishing books that will help kids."

The truth: Whoa! If children's book publishers didn't produce books that benefit kids, they'd

The complaint: "I'm disabled/poor/have had a hard life and want to share my story, but no one

The truth: I imagine it's difficult for an editor to reject a manuscript that comes from someo
