Finding a publisher can be very strenuous. In fact, it may even be harder than actually writing

There are three things to remember when finding a publisher for your book:

- 1) These things take time, even Stephen King was not signed the first night. Be patient, book
- 2) Start big and work down. Submit your book to the largest publisher first, then work yourself
- 3) An easy way to get started yourself, if you do not wish to mess with publishers, is to find

The most important thing to remember while looking for a publisher is to stay positive and keep
