speedreading, speed reading, success, study skills

Article Body:

Speedread America was America's first company to introduce sophisticatedly developed speed reading

Slightly thereafter, Dr. Polmar's college/university speedreading course was completed for online

In 2000, the children's program, entitled If You Can Read This, You Can Read Faster was developed

Beginning in 2002, Dr. Polmar began writing of programs specially for use in Mexico. This included

These books took the dedication of Mexican Educators in the region of Guadalajara and Mexico City

The results of our speed reading and English programs amounts to reduction of students deserting
