writing, novel, publishing, arts, advice, fiction

Article Body:

There is a way to virtually guarantee your publication within a single year. No, it has nothing

It is based on writing principles first proposed by two giants in the publishing field, scienc

- 1) Write a story a week, or a story every other week.
- 2) Read 10X as much as you write.
- 3) Put your stories in the mail. Keep them in the mail until they sell.
- 4) Never re-write except to editorial request.

And there you go. Now let's look back at the steps for a bit of further explanation.

- 1) Write a story a week, or a story every other week. These can be as short as you wish. No, i
- 2) Read 10X what you write. There is nothing sadder than a young writer who doesn't read for f
- 3) Put your stories in the mail. Every week, or every other week, one of your stories should b
- 4) Don't re-write except to editorial request. Once your story is finished and initially re-wr

If you'll do this, I promise you your first sales within fifty stories. At the story a week le
