Article Body:

What is your point? What do you do if you don't know? Why does it matter?

It is important for every writer to know their point because the writer is in charge of the re

Making the point of your article or essay clear and apparent is how you capture the interest o

However knowing your point and making it clear and apparent are sometimes easier said than don

Finding your point is as easy as 1-2-3.

First, identify your topic. Simply make a note of the subject you plan to address. Narrow it o

Second, ask yourself a pertinent question about that topic. For example, how can you make pott

Third, you will need to expand and support your point so you must come up with three supportin

Now you have a good introductory paragraph:

You can make potty training easy by keeping the pressure low, making it fun, and giving it tim

Not only do you have a point that you will be able to make clear and apparent to the reader, b

Taking a few minutes to plan out your point in this manner can be well worth spending the time
